CRIME AND VIOLENCE PREVENTION STRATEGY

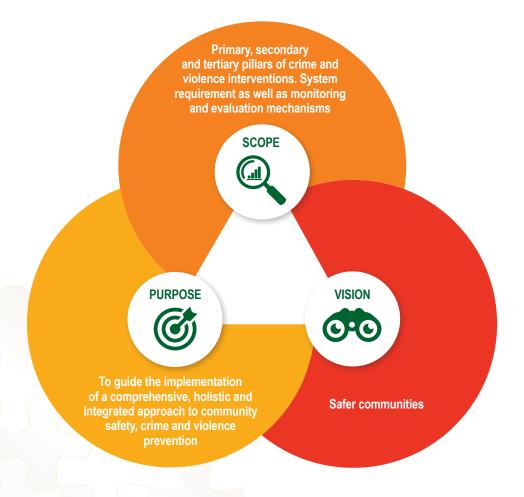

WHAT IS THE INTEGRATED CRIME AND VIOLENCE PREVENTION STRATEGY?

The Integrated Crime and Violence Prevention Strategy (ICVPS) is informed by the White Paper on Safety and Security 2016, which gives expression to the vision of safe communities (where people are and feel safe, at home, school, work and in their communities and where women can walk freely in the streets, and children can play safely outside) articulated in the National Development Plan 2030.

The ICVPS sets out a framework to guide the implementation of a comprehensive, holistic and integrated approach to community safety, crime and violence prevention, in South Africa. This Strategy advocates for a collective and collaborative approach between state and non-state actors across all three spheres of government to ensure integrated planning and delivery, and meaningful partnerships with communities and civil society.

The ICVPS further seeks to align with other new prevention policy developments and the National Strategic Plan on the Gender-Based Violence and Femicide (NSP GBVF) in particular, in order to ensure a coordinated approach which addresses the multi-faceted nature of crime and violence.

This strategy will contribute to achieving Social Cohesion and Safe Communities, which is a key outcome for Priority 6 of the Medium-Term Strategic Framework (MTSF) 2019–2024.
